PROFESSIONAL SUMMARY

Highly motivated and accomplished coder with a 5-star HackerRank rating in Java and problem-solving. I possess a strong foundation in data structures & algorithms (DSA) and Object-Oriented Programming (OOP) concepts, along with proficiency in C, Java,C#, SQL Server. My extensive experience as a full-stack developer has honed my ability to design and develop dynamic web applications leveraging ASP.NET MVC and frontend technologies like CSHTML, CSS, JS. I have significant experience in developing real-time communication features using frameworks like SignalR. An adaptable and collaborative team player, I thrive in diverse work environments, consistently delivering innovative solutions as a Full-Stack C# developer.

SKILLS

- **Programming Languages:** C, C#, Java, JavaScript(js)
- **Web Development:** HTML, CSS, ASP.NET MVC
- **Frameworks:** ASP.NET Framework(4.7.2)
- **Tools:** Visual Studio,Visual Studio Code, Bootstrap
- **Other Skills:** Data Structures & Algorithms(DSA),Object-Oriented Programming (OOP), Linux

EXPERIENCE

Project Trainee, ARDENT Computech   *February 2024 -April 2024*
- Gained hands-on experience in developing dynamic web applications using ASP.NET MVC 4.7 and C#, focusing on both front-end and back-end development.
- Implemented Model-View-Controller (MVC) architecture for streamlined development and maintainability.
- Designed and managed SQL Server databases to seamlessly integrate with ASP.NET applications for efficient data storage and retrieval.

EDUCATION

Bachelor of Engineering (Computer Science)   *June 2021 -Present*
Future Institute of Technology   **CGPA 9.126/10**

Class 12th - WBCHSE   *May 2019 – May 2021*
Netaji Sikshyatan   **Percentage - 70.8%**

Class 10th - WBBSE   *January 2018 – May 2019*
Ushumpur Adarsha Ucha Vidyalaya   **Percentage - 77.71%**

PROJECTS

Online Collaboration And Communication Platform   *March 24 - March 2024*
- Employed ASP.NET MVC 4.7 for a scalable architecture and designed a user-friendly interface for enhanced usability.
- Created user registration and group management with customizable access (public/private) using group codes.
- Designed a responsive UI using CSHTML, CSS, JavaScript, and Razor view engine for dynamic content rendering.
- Built a real-time chat application using WebSocket and SignalR.
- Developed a robust file sharing system for collaborative document management with secure uploads and downloads.
- Ensured data persistence and user management with SQL Server and Entity Framework.

JavaScript Projects   *November 23 - January 2024*
- **Weather (JS/API):** Get real-time weather conditions for any location.
- **To-Do List (JS/Storage):** A dynamic to-do list that lets you add, edit, and track tasks, persistent storage ensures tasks are always accessible.
- **Sci. Calculator (JS):** Unleash the power of complex calculations with this advanced scientific calculator.

ACHIEVEMENTS

- **HackerRank 5-Star Achiever:** Java & Problem Solving Expertise.
- **Led Team** to Successful Project Completion

CERTIFICATIONS

- Hackerrank CSS(Basic) Certifications
- Hackerrank SQL(Advanced) Certifications
- NPTEL Certification on Soft Skill & Personality
- Certified project Trainee of ARDENT Computech.
